PUNE: After one of the most thrilling off-roading experience at the 13th edition of BAJA SAEINDIA 2020 which took place at Pithampur near Indore recently, Team Ab-

hedya from Marathwada Mitra Mandal's College Of Engineering are gearing up for international BAJA event which will be held in Arizona from April 16 to 19.

The team has started preparations for the same and are looking forward to the event.

Sakal Times spoke to Sa-

HIGH HOPES: Team Abhedya from Marathwada Mitra Mandal's College Of Engineering pose with their ATV.

hil Samant from Team Abhedya who threw light on their preparations for the international event and their run at the just concluded BAJA SAEINDIA event.

"We started our preparations for international BAJA, even before we registered for the event. We designed our vehicle which would satisfy both SAEINDIA BAJA rule-

book as well as SAEINTERNATIONAL BAJA rulebook. Over the season we have identified various areas for improvement and now that the season is over, we look

forward to work on that," Saahil informed.

"It's been just a couple of days since the Indore event concluded and after bagging the runner-up award for Sus-

“Engineering is not just about earning knowledge but also applying it in real life. A national level competition like BAJA is an excellent platform which gives all the budding engineers an opportunity to showcase their capabilities. From two years of my experience, I can say, it gives me immense pride and pleasure to see our efforts and hard work transform into this remarkable creation of ours.”

pension and Traction event, the team is motivated to win more such awards in the international event,” Saahil added.

When asked whether they have set any target for the international event, Saahil said “Who doesn't like to win all the awards. The thought of winning is quite exciting and we will try to dominate the event, performing at our

maximum capabilities. With increased expectations, we look forward to bettering our static as well as dynamic performance. Team Abhedya considers it a responsibility to make India proud and we are sure we will be successful in doing so.”

Sharing about the experience in the just concluded BAJA SAEINDIA 2020, Saahil said “This year's endur-

ance was much challenging compared to the past years. The commentator even mentioned that Car No 116 is being fearlessly driven by Atharva Jagtap. The event taught us a lot and helped us improve at every step throughout the event. And inspired us to do much better in the upcoming events.”

When quizzed about who were their toughest opponents, Saahil was quick to say “This year, the performance of every team had exceptional. Every team had raised their bar and were determined to bag the championship. To name a few, Team Predators, Team Nemesis, Team Piranha, Team Helios were considered as our toughest opponents. Due to the past results, we were on the lookout for such top performing teams.”
