MMCOE IEEE Student Branch

Name of the Event: Webinar "Get-Set Hack.a.thon!"

- **Event date: May 23, 2020**
- **Time: 4:00 P. M. to 5:00 P. M.**
- **Mode: Online through Cisco Webex**
- **Speaker: Mr. Soham Dixit**
- **Number of participants: 211**

Get-Set Hack.a.thon! Webinar was conducted as the first national level online event conducted by our student branch on the same day (23rd May 2020) after the inaugural function. Mr. Soham Dixit, winner of various hackathons such as Airbus Hackathon 2018 was the speaker of this event. After this webinar we received many positive feedbacks regarding our management and overall organization of the event.

Event Details:

The event was conducted online, on 23 May,2020 at 4:00 P.M. to 5:00 P. M. through Microsoft Team meeting. For this webinar, total 211 participants including students, faculty and Industry persons were registered. The session was started by the introduction of Mr. Soham Dixit by Ms. Divya Raput. He guided with focus mainly on the importance of hackathon and key points which one should remember while participating in the same. During session he has pointed some important things like what are the impacts of hackthon in our placements, why this is important, How to proceed with using unique idea as well as skills required to participate in Hackathon. Many students and faculty members have participated in "Question and Answering" session at last. Speaker was also happy to answer all the doubts. At the end, Ms. Divya Rajput delivered the vote of thanks and the session was concluded.

Dr. S. M. Deshpande

Principal, MMCOE Pune

Session will be conducted on **Cisco Webex**

Webinar was an interactive session (via Meeting Chat):

Speaker Mr. Soham Dixit started the webinar by sharing his experience:

Remember!

Developers during hackathon:
We built an entire application in just 3 days.

Developers after hackathon:
Adding that icon is going to take 3 weeks.

- Got an idea ? Explore, Innovate and implement!
- You grow as a strong developer
- Bugs you love solving those.
- Challenges ? You master them!
- Self Learning is immense during the hack phase

Meeting chat

- Wendee Shetty - 4:25 PM
Connectivity to all workers
- Shourak Kulkarni - 4:25 PM
schedule of crew
- Sagar Bhambale - 4:25 PM
passengers and staff working overfield
